No. Your school has engaged Edstart as a partner to provide parents with as much flexibility with their school fees as possible. Your school is absorbing all transaction fees to make this possible.

## What does the fee payment process look like?

## Do I need to verify my identification during the setup process?

As Edstart's payment service is regulated by ASIC, we are required by law to verify your identity before setting up your account by cross-referencing the details on your credit report. This will not impact your credit file or your credit rating. Alternatively, you can provide your Driver Licence or Passport to complete this process.

## Will my credit profile be impacted?

Edstart Plus is not classified as a loan, credit or borrowing facility. You have the option to provide Edstart with authority to access your credit report during the setup process for the purpose of verifying your identity as required by law. This will not impact your credit rating and no enquiry or account is added to your credit file when using Edstart Plus.

## Can I use Edstart Plus if I have a complex payment arrangement (e.g. separated family)?

Yes. Edstart can accommodate any payment arrangements needed to suit each family's situation.

## What happens if I can't make my payments with Edstart?

Edstart understands that sometimes there will be occasions where you need some flexibility with your payments. They will work with you if the need arises to help you get back on track. The school also works closely with Edstart so we can provide support in difficult times.

## Can I reduce my payments by extending my fees over a longer period?

If you wish to reduce your payment amount you are able to apply for Edstart Extend, which is a separate product that allows you to spread your fees over a longer period (up to 5 years after your youngest child completes Year 12). Please note that fees and interest charges apply when using Edstart Extend.

## Can I still talk to your school about my fees?

Of course, you're welcome to speak to your school about your fees at any time.

## Why is your school using Edstart?

Your school has partnered with Edstart to streamline the fee payment experience and provide as much flexibility to families as possible. You have a range of payment options available free of charge. This means your school can focus on providing their educational and pastoral care objectives.
